

## Agency Admin Guide- How to Create a New User

Purpose: This guide indicates how to create a new HMIS user's profile once they have completed New User Training. Every new user will need a user profile created before a license can be assigned to their profile and they can have access to HMIS.

1. Click the Admin tab, then click User Admin

2. In the User Search bar, type the name of your new user and click Add New User.

The screenshot shows the 'User Search' form. It has a search bar with the text 'Jim Halpert' and a search button. There are two checkboxes: 'Include active users' (checked) and 'Include inactive users' (unchecked). Below the search bar are three buttons: 'Search', 'Reset', and 'Add New User' (highlighted with a black arrow).

3. Complete all prompts under User Information. Enter the user's Name, Title, Email, Telephone, User Name, Password, Role, and User Expiration. The username should be the first letter of the users first name and their last name unless that username is already in the system. The temporary password can be your choice, or you can click Generate Password and the system will create one for you. This is a temporary password, and the user will create their own password when they log in. The User Expiration date should always be the last date of the year so this year it should be 12/31/20. (This is how the HMIS team tracks Ethics Refresher Training completion

### User Information

<b>Provider *</b>	Please choose a provider.	<input type="button" value="Search"/>
<b>Name *</b>	<input type="text" value="Jim Halpert"/>	
Title	<input type="text" value="Case Manager"/>	
<b>E-mail *</b>	<input type="text" value="jhalpert@austinecho.org"/>	
Telephone	<input type="text" value="512-798-6765"/>	
<b>User Name *</b>	<input type="text" value="jhalpert"/>	
<b>Password *</b>	<input type="text" value="Welcome!1"/>	<input type="button" value="Generate Password"/>
<small>Password must be 8-50 characters long with a mix of numbers, special characters,</small>		
<b>Role *</b>	<input type="text" value="Case Manager III"/>	
User Expiration	<input type="text" value="12"/> / <input type="text" value="31"/> / <input type="text" value="2020"/>	  

4. Choose the user's default EDA. EDA is Enter Data As and means the program the user will be entering data under. If user's will be entering data under multiple programs, they can have access to multiple EDA's. The default EDA should be the one the user will use most frequently. Click search next to Provider.

<b>User Information</b>		
<b>Provider *</b>	Please choose a provider.	<input type="button" value="Search"/> <input type="button" value="My Provider"/> <input type="button" value="Clear"/>
<b>Name *</b>	<input type="text" value="Jim Halpert"/>	

5. Beneath Provider Search, type in the appropriate program and click search. Find the provider you want to set as the user's EDA, click the green plus sign next to that provider.

**Provider Search**

Search for Providers by using keywords from the Provider Name or Description.

10. We will assign a license to the HMIS once they submit a Help Desk ticket letting us know they need a license assigned to their user profile. If your user needs additional EDA’s assigned to their profile, you can click the “Enter Data As Groups” tab and add the EDA.

Back Date

Type here for Global Search

**Enter Data As Groups**

11. If an HMIS user from your staff leaves the agency, please inactivate the user but don't delete them. Then send a Help Desk ticket letting us know they've left your agency. That way we know to delete the user from HMIS and that frees up a license for your agency. Inactivate them by searching for the user in the User Admin tab, clicking on that user's profile and change their status to "inactivate."

<b>Name *</b>	Jim Halpert
